“ My sweet sweet sister. God knows the love I have for you. I'm going to miss you so terribly. I know your happy, & at peace. But I'm selfish and wish nothing more but too have you here with us once more even tho u struggled so hard in this life. I know your in good hands up there sis and I could ask for anymore than that. I've always looked up too you so much. I remember watching you and your friends gettin all dressed up and puttin on makeup too go out that night when I was younger. I remember how u used too lay down on the bed too put your hair up, so I started too. I always wanted too be u. I listened too the same music as u, dressed like you, u was an auburn fan so guess what so I was too. The only auburn fans in the whole family lol mom hated it. We would get so mad on game day when all the family would come watch the game and we would be the odd 2 out. As we called them " obnoxious" Alabama fans (especially aunt kk) 😊 I just wanna thank you for everything I have learned from u the past 26 years. And for u gettin on my butt and given me an ear full when I needed it cuz you was looken out for me. I love you so very much sister. Ive always been so scared of death but now your gone im at peace with it knowing I will see u again. Thank u for that comfort it's always been so scary too me. Be waiting for me when it's my turn sister your face is the first I hope too see. ❤️

“ I love you so much, Cuz!!!! I have a million memories with you, but I wanted a million plus more. Nothing will ever be the same. What I wouldn't give to hear just one of your smart comments. You'll never be forgotten.
