“ *Russell, Pam and grandchildren:
Your wife, Mom and grandmom was a remarkable woman whom I have known for years from work when we both were much younger. She and I worked together for the item management community where she taught me well how to be a very effective item manager and began my long government career. She moved on after a while and I soon followed spending several more years working with her. We were good friends and shared a common Webb ancestor. I cried when I heard of her passing. I saw her several times at Wanda's and visited with her and talked with her on the phone. Words cannot express my sorry for each of you. May God watch over you and fill your void with his love. She will always be with you!!!!!!
Much love,
Brenda B (King) Rawls*
