“ Aunt Penny will be a greatly missed member of our family, for her kindness, her love of laughter, and her gift of storytelling. She had a gift for expressing her deepest emotions through her poems, when writing was more comfortable than speaking. Her life stories (both written & verbal) of growing up with 8 siblings & their youthful shenanigans from generations past, captured her keen sense of humor & were always highlights at family reunions. Aunt Penny was kind, generous & giving when hard times fell on others, & possessed stoic strength when hard times fell on her. I'm so Blessed to have been one of many Nieces, and so proud to have called you my Aunt Penny. We will all deeply miss you.

“ It has been my honor and privilege to have known Penny, Mom, for a bit over a decade. When I passed the word of her departure from our earthly world to her satellite family members, those that joined her family through connection with me, I described her as a fun, upbeat, and open-minded individual who I miss and will continue to miss dearly. She made an impact to my life and she will continue to live via that impact, that little bit of her she passed on to me.
