“ *I used to do vital signs for Courtyard, the area that she stayed in. Several times that come in there to greet her and her face would light up with happiness. She would holler "There's the doctor! How you doin' dock?" She could fill the room with laughter which she did most of the time because she was always happy. One night we did a sing along and she just kept singing and clapping her hands. She sang the loudest when we sang "Oh, How I Love Jesus!" She was always thinking of others even in her 103 years of age*

Trey, thank you for your sweet note. It helps me to know she wasn't unhappy all of the time she was there.

“ *Donna and I would stay weeks at a time at Granny's in the Summer . We would stay up late and talk, laugh, go to Uncle JB's and work in the garden etc. I had the most fun every year. Every time I left Granny stood on the front porch and waved by. Will miss her smile, hugs and laughter. I love you Granny ! Always in my heart.*

“ *Amazing little woman that we became acquainted with in my 27 years at the Housing Authority. She was living independently when I left the Authority 6 years ago. Tell the daughter we are thinking about them. Bill & Barbara Yancy*
