“ Shannon, I don't know if you remember me but i worked as an auditor and your mom was our secretary. I visited your house many times and loved being with you all. Tunya would hide my shoes and I'd have to search all over the house for them. Your dad was so nice to put up with me. I'm sorry for the loss of your mom but I know lots and lots of people have fond memories of her. Please tell your dad hello from me.

Remember staying with her mother during the summer and Juanita coming for a visit. She so kind to me and my family. Such a sweet and lovely person.
