“ *LD was a precious Godly gentleman who loved people and blessing the Lord. My husband , Denny Harp and I have been truly blessed to have been a part of his life. “How Great Thou Art” was one of the songs LD played and sang at the church services on Sundays at Terrace Lake Assisted Living which totally encompassed LD’s outlook on life. We love and miss you LD.*

“ My mom and Carrie were best friends in high school. Then I came around and Carrie and her dad became a huge part of our family!! Mr. Rogers always treated me like his own granddaughter. He and Carrie introduced me to playing music! Even though I didn't stick with it, it was a great experience and time spent that I wouldn't trade the world for. They'd teach me piano and trumpet, and Mr. Rogers would always let me beat on his drums, only to tell me "not too hard" sometimes :) We would even play board games together in the middle of his floor. He'd take me in his shop with him and hand carved and built me a toy chest, that I still have to this day, over 25 years later! I have so many fond, young memories from my childhood with this family. He installed a tire swing from the biggest tree you've ever seen and would always "push me higher!" until I wore him out! He was absolutely the best and I have never had anything but love and respect for him. This is so heartbreaking for my mom and I and we can only imagine the pain the family feels at this time. We will always remember him. We love you Carrie. I know Lady girl is wagging that tail greeting him :)
