Tribute Wall

“ I remember going to family reunions and seeing my great aunt and spending time with her and her brothers and sisters. I really had a great bond with all my great aunts and uncles especially Ann. I also remember her choosing to come to my graduation over all the invitation she got, and making me a crocheted blanket for graduation. I still have to this day and I have my baby blanket. She made me 37 years ago almost.

“ Ann & Billy were just the nicest of friends. Enjoyed many a EAA breakfast at the Guntersville Airport. Also church friends and Wed night meals before Prayer Meeting.
Favorite story is Ann driving that tractor trailer truck all the way from Washington State to Conn. with a load of Navy Torpedos
And having to leave Billy behind sick!
On brave lady 😊
