“ *Bill, I do not have enough words to say how sorry I am to hear of
Tammy's passing. I dont know if you remember me but I was an
account manager with Tammy back in Labcorp Chicago. Tammy
was a burst of energy and she helped me so much when I first
started with Labcorp. She would ALWAYS tell me "hang on" it gets
easier the longer you are here. I always remember her saying that.
Now today 11 years later, I catch myself saying that very same thing
to all the new people that start at Labcorp. I took a transfer from
Chicago to Raleigh NC. Tammy and I lost contact with each other,
but several months ago we reconnected. I am so sad to be writing
this letter. I just wanted you to know that you are in my thoughts and
prayers. She will be sadly missed but never forgotten.*

“ Jeremy Moses contacted me and told me about Tammy. I was one of Tammy's Computer Science instructors. Tammy and I discussed our mutual love of photography often and also planned to go on some wildlife photography shoots after she graduated. She was a joy to be around and she will be missed greatly. May God Bless each of you. My prayers are with your family.

“ We remember Tammy as a child living in Greenfield. She was full of life and such a joy to be around. She had a very loving and caring Father & Mother. We have fond memories of Tammy. Tammy lives on because of her generous donations of her organs; she continues to live with God's greatest gifts, life itself.

The family is in our prayers. May you feel God's presence in days ahead. God Bless.
