“ Bill and I flew together as the onset of CASSO, now JOSAC, as the second flight group formed at Scott AFB in 1986 (now headquarters for JOSAC). We flew Hueys, U8Fs, U21s and C12s as instructors, Safety Officers, test pilots and accident investigators. We stood alone when we had to file a Pentagon Level Safety investigation to correct a serious safety deficiency and it was removed. Bill had several full lives, Vietnam, start-up charter air service, to mention a few, He leaves a loving spouse and partner and appreciative children, step children, grandchildren, great grandchildren and great great grandchildren.... It's been said, "One really is never gone until the last person remembering them passes away.

I post the following Army Aviators Lament in his Honor and Respect:

" As the Bells Toll, Claiming Souls, the 13 Folds and the Slow Salute; the Sudden Crack of Three, Followed by the Echoing sound of 24 Parting Notes as they Fade into the serene Darkness of Night, The Moonlight on the Granite Stone Reflects Our Grateful Smile, as We Remain, 'Above the Best."

'May You Continue Your Journey in GOD'S Loving Care and the Comfort of His Wings.

Till We meet Again, Your Friend, Paul

Author's Note: "Above the Best" is the motto of USAAVNS, the U.S. Army Flight School Center."
