“ Terry was a great human being, loving soul and had a great sense of humor. He has definitely left us too early. We moved to Guntersville when I was a boy and I remember from a very young age going to visit him and playing with his daughter. We moved away after many years, but I was fortunate enough to spend a little time with him and Blake last year. We talked about old times, the military, and college football, even though we rooted for rival teams.

Terry knew how to bring a smile to anyone's face and warmed your heart no matter who you were. While only meeting my wife once, he treated her like she was part of his family. He has always treated my family as his own for nearly the past 40 years, which goes to show you his amazing generosity and tremendous heart. He was the kind of man that would take in a friend in need or help you when you are down. He will be missed by many for a very long time.

I never did this for Terry while he was alive, even though he asked me several times, but this one is for you Terry, ROLL TIDE! We miss you brother.
